

Economic Stimulus Payments

Beginning in May, the U.S. Treasury Department will begin sending economic stimulus payments to more than 130 million households. To receive a payment, taxpayers must have a valid Social Security number, \$3,000 of income and file a 2007 federal tax return. IRS will take care of the rest.

Eligible people will receive up to \$600 (\$1,200 for married couples), and parents will receive an additional \$300 for each eligible child younger than 17. Millions of retirees, disabled veterans and low-wage workers who usually are exempt from filing a tax return must do so this year in order to receive a stimulus payment.
